

Step 2 (continued):
HOW DO YOU IGNITE ACTION?

I ignite action like a CAMPFIRE. I protect and comfort others.

Follow these instructions to complete your #BrighterIgnited design:

1. Print this PDF or place a blank paper on your screen to trace the circle and shape within.
2. Use a thin sharpie or black pen to create *simple* patterns WITHIN the light source shape. [See sample below and click [here](#) for pattern inspiration from lightllysketched.com]
3. Use a marker or colored pencil to fill in the circle OUTSIDE of the campfire with the color you selected to represent the light of your fight in Step 1.
4. Scan or take a picture of your completed design.
5. Continue to the next step at jartsboston.org/participate or use the QR code below!
